

Albury Public School

Term 1, 5MJ Newsletter

Mr. Jon Morgan

Term 1 2025

Important Dates next few weeks

Wednesday 26th Parent information evening. 4:30pm Start

- **Fruit Break**
During the morning session. Students are encouraged to bring a piece of fresh fruit or vegetables that can be eaten in less than five minutes.
- **Parent Teacher Interviews**
Will be held later in Term 1. Semester 1
- Could each family please donate **two boxes of tissues** to our classroom? You would be surprised to know just how many boxes we use throughout the year.
- Students are welcome to bring in their own headphones to keep in the classroom as school earphones are limited.
- **If your child is absent**, absences can also be submitted using Sentral. Notes would be appreciated, if for some reason students cannot participate in physical activity due to medical advice.

To keep up to date, please read the school newsletter that is available

Welcome to 5MJ Parents and Caregivers

It is a pleasure to be teaching this group of unique individuals this year. This first week will be about understanding each other developing a positive working relationship whilst establishing our class and stage routines. Building a strong partnership between home and school is vital to ensure we have a successful year at school. Communication will be through the proper channels and if you wish to meet before the formal interviews, please contact the school office to arrange a time to meet. Further information on our class schedule, key dates will be shared with you at the end of the week.

Jon Morgan, Class Teacher

Curriculum

In **English** this term, teachers are engaging with the new English syllabus. We will focus on oral language, vocabulary, reading comprehension, creating written text, spelling, handwriting and digital transcription and understanding and responding to literature. Our goal is to develop students who are independent, can read for sustained periods and write more complex texts.

In **mathematics**, Students will focus on key stages of numbers and algebra, measurement and geometry, and statistics and probability. Students will develop problem-solving skills, apply mathematical reasoning, and build confidence in using mathematics in real-life situations, preparing them for high school learning and practical applications.

In **science and technology**, *students will be going to Mr Neil's room in the Manor building.* Students will study the Living World. This strand focuses on the growth and survival of living things and how their adaptations over time suit their environment. Students investigate how and why food and fibres are produced in sustainable, managed environments that enable people to grow and be healthy. This strand further develops students' knowledge and understanding of the environmental and biological sciences.

Home-learning- It is recommended that students read for 20 minutes

Meet the Teacher

Mr Jon Morgan

Hello!

I am excited to welcome you and your child to our class this school year! My name is Mr Morgan and I am your child's Year 5 teacher. I have a passion for teaching and am dedicated to creating a positive learning environment.

My Experience

This will be my 11th year of teaching. But my first in Australia. I have previously worked in Wales and the Middle East.

About Me

- I am Welsh
- I like sport and play Rugby Union here in Albury
- I enjoy cooking and barbecuing
- I enjoy building Lego

“Education is the foundation of all we do in life. It shapes who we are and what we aspire to be.” - Julie Payette
