

29 July 2024

Dear 2MP Parents/Caregivers,

The students in Year 2 have been busy learning some dance steps for their part in the school's production, Dancing Through the Decades. Year 2 will be dancing to songs from the year 2000 to about 2014. Other classes will be dancing to songs from other eras.

During the performances on 24 and 25 September, students in 2MP will be wearing a base outfit of red and black (for example black leggings with a short or long -sleeved red top, or vice-versa). Some students may prefer to wear red or black dresses or skirts with accessories. Families are asked to supply these items. Please avoid using clothing that displays brand labels, if possible.

The students' outfits are not meant to be identical and will be personalised by being decorated with a range of different accessories. I have purchased some accessories (red sparkly sunglasses, sparkly caps, red and black bandanas, silver chain jewellery), which I will share with the students. You may further personalise your child's costume by adding additional accessories. Please focus on black, red and silver accessories.

All costumes and accessories will need to be sent to school before Week 9 in Term 3 for me to check. Please ensure that your child's clothing is clearly labelled with their name and class.

If you have any questions about the clothing, the accessories or your child's involvement in the performances, please contact me.

Thank you in advance for your co-operation and assistance with your child's costume requirements.
